## **ICSL 2023/24 Referee Reimbursement Program**

**Purpose:** To incentivize individuals in our soccer community to become new Grade 8 referees by reimbursement of partial course fees upon successful completion of the course.

**Goal:** To increase the size and diversity of the current referee pool.

**Eligibility:** Open to any member club in good standing, which hosts a referee clinic. The ICSL will offer a financial incentive to help support the new referees and each referee candidate (pre-identified) can sign up to participate.

**How to Get Started:** Simply contact our office and let us know the dates you are hosting a course and if you wish to participate. Provide the names and contact information of the attendees and we will send them an email directly with instructions.

**Reimbursement:** After successfully completing the online training, background checks and field/in-person training, newly certified referees can apply for a credit of \$50. To receive this credit, new referees must submit the game reports for (4) games, officiated within the ICSL spring or fall travel leagues, to the ICSL office. The ICSL will then send a check directly to the referee.
